

FOR IMMEDIATE RELEASE

Hi-Tech Home Honored with People's Choice Award for 9th Consecutive Year

CLOVIS, CA, April 2, 2018—The Fresno Bee's 2018 People Choice Award winners have been announced, and Hi-Tech Home is pleased to again take home the win for Home Theater/Technology Company.

Hi-Tech Home, a leading technology integration provider, specializing in the design, sales and installation of entertainment, security and energy management services in Central California, is receiving this honor for the ninth consecutive year.

"We couldn't be happier. It is always an honor to be recognized by the residents of the community we serve," said Jay Cobb, President of Hi-Tech Home. "We want to thank the community for their support, and look forward to serving Valley home and business owners for many more years to come."

The Fresno Bee People's Choice Awards are awarded annually to Central Valley businesses. Recipients are chosen in a variety of categories based on votes submitted by the newspaper's readers.

ABOUT HI-TECH HOME

Hi-Tech Home provides smart automation and security services to a vast number of homeowners, homebuilders, businesses, commercial developers, architects and interior designers. Solutions include home automation, home theater, music systems, lighting and climate control, alarm monitoring, surveillance cameras, presentation systems, IT services and more.
